### Core Competencies

Meter Installation - Diversification in water, gas\* and electric allows us to provide meter installations for any size utility. MSPS brings a fully functioning paperless work order management solutions (WOMS) with a track record of installing over 1,000,000 water, gas and electric meters.

- AMR/AMI Installation
- GIS Mapping
- Meter Reading
- Meter Maintenance
- Call Processing
- Long Term System Management
- Analytics
- System Audits
- Meter Testing
- Asset Tracking
- Asset Management
- Strategic Partners for Gas Meter Exchanges

### The ultimate meter for residential water metering

- .025GPM Low Start Flow Measuring
- Ultrasonic metering principle – no moving parts – no wear and tear
- IP68 (NEMA 6P), waterproof and suitable for pit installation
- Built-in encoder for Sensus protocol output
- Large and clear display (9 digits of 6.5 mm height)
- Total consumption in gallons, ft<sup>3</sup>, m<sup>3</sup> – 0 to 3 decimals
- Alarm codes (Leak, Burst, Dry, Reverse, Tamper)
- Eco-friendly and unleaded construction
- 460 Days of data logging on the register
- 36 Months of data logging on the register
- NO NEED FOR magnetic wands to activate register
- 20 Warranty verses 15 years for our competitors
- Standard with Itron ILC or Nicor ILC

**kamstrup**

### The Honeywell Elster evoQ4 is a single meter that meets the needs of traditional turbine, compound, single jet and magnetic meters.

- No Moving Parts
- 10 Year Continuous Use Battery
- One register unlike typical compound meters
- Equipped with Itron Inline Connector
- Stainless Steel Grade 316 Body
- Stainless Steel Grade 304 Flow Tube
- Maintenance Free
- Greater Low Flow accuracy than traditional PD, Turbine and Compound Meters
